

# FOOD WARMER

Benchmark USA's Food Warmer is constructed of mirror-finished, heavy-duty 18/8 stainless steel for years of service and guaranteed by Benchmark's Three-Year Warranty. The thermostatically controlled heating element and water-resistant, covered master switch insure durability and long-life. The extra-long legs make routine cleaning a snap. This 12" x 20" (inside dimension) warmer accepts most popular warmer pans, adaptors and lids. The adjustable thermostat allows for virtually any type of cooking or holding condition.

Pans Not Included

- Adjustable thermostat and 1200 watt element
- Mirror-finished 18/8 stainless steel body
- Accepts all popular warmer pans, adaptors and lids
- Three-year parts warranty
