Features

My Café Automatic Pod Brewer

- Pod drawer works with most pods from 45 to 61 mm. A commercial-quality system capable of brewing both coffee and tea.
- Fast brew coffee in about 30 seconds. Stainless steel heating tank uses a thermostat to hold water at the perfect ready-to-brew temperature.
- Sprayhead allows extraction of all coffee flavoring materials and aromatics.
- Tea button features Pulse-Brew™ technology to provide steeping action.
- Brew 4 to 12 ounces (118 to 355 ml) of coffee or tea to preferred strength by adjusting the portion/volume control.
- Easy to use and maintain with a removable water reservoir and easy-slide lid to pour in water.
- A drawer-style pod holder keeps hands clean and dry at all times.
- Reservoir holds 46 oz. (1360 ml) of water.
- Pod holder, reservoir/lid and drip tray assembly are dishwasher safe.
- Includes two pod holders to prevent flavor transfer.
- Automatic model is connected to waterline, eliminating the need to manually refill reservoir.
- Can also be used as pourover with no waterline connection.
- Energy-saver mode reduces tank temperature during idle periods.

Model MCA

Dimensions: 13.62" H x 7.82" W x 10.70" D
(34.59cm H x 19.86cm W x 27.18cm D)

For current specification sheets and other information, go to www.bunn.com or call your BUNN sales representative.

Simple steps to perfect coffee, tea, and other hot beverages.

Step 1

After filling the reservoir, push the button at the top of the brewer and open the pod holder drawer.

Step 2

Insert pod in pod holder and push drawer to lock in place.

Step 3

Press coffee button to infuse pod with pressurized water for optimum extraction.

OR

Press tea button for a Pulse-Brew™ to create a steeping action.

Step 4

In about 30 seconds enjoy your perfect beverage!

- Eliminate waste by brewing one cup at a time on demand.
- Dishwasher safe pod holder. Load and unload with one hand.
- No loose grounds to measure and no pot to clean.
- Hot water dispense for hot beverages like cappuccino, cocoa and soups.
