KBC SERIES

Durable Design

- Kool-It bottle coolers are built to endure the everyday stress of the commercial environment, protecting your long term investment and to guarantee superior product preservation.
- Standard exterior is manufactured with reinforced cabinet construction using attractive and durable wear-resistant black epoxy polyester.
- Standard interior is manufactured with 304/18 gauge stainless steel to guarantee the best in total sanitation and longevity.
- Inner cabinet with LED lighting.
- Heavy duty adjustable bin dividers are supplied to achieve maximum storage of product.
- Equipped with a bottle cap opener and cap catcher

Energy Efficient

- Designed for maximum energy savings using environmentally friendly foamed-in place high density CFC and HCFC free polyurethane insulation.
- Self-defrosting evaporator and side mounted condensing unit for easy service access.

Superior Quality

- Our forced air refrigeration system refrigerates bottles and holds them at 33°-38°F. for the ideal serving temperature.
- Both models incorporate compressors of 0.50 H.P.
