

The "Yeti" Ice Shaver Machine

- Shaves 360 lbs of cube or chunk ice per hour.
- Heavy-duty, 180 watt motor with 1725 RPMs.
- Manual Safety reset to prevent accidental start-up in case of a jam.

Great for quick counter top service!

Removable slanted pan deck made of food grade plastic and attachable hose to drain water from pan.

Adjust how thick or thin your ice mix is!

Made with cast-aluminum components and stainless steel blades that are both easily adjustable and replaceable!

Made in China
